

SAFETY: ALWAYS UNLOAD AND PROVE THAT THE FIREARM IS CLEAR BEFORE WORKING ON IT.

Sizing Guide Instructions

- 1. Following Falcon Strike's Installation Instructions, remove the old pad from the gun's stock.
- 2. Ince the pad has been removed, measure the height and width of the stock and compare to the dimensions above.
- 3. When printing, verify Plot Settings are set to 1:1 and measure the scale above with a ruler.
- 4. Put this template on a table then place the flat end of the gun stock on top it.
- 5. Align the stock with the guide to verify the fit.
- 6. If the fit is good, check the model number and order your Falcon Strike Recoil Converter!
